GGDSD: A SAGA OF EXCELLENCE

Excellence is never achieved in a day. Excellence has a preface- a preface, no less than a saga made up of extraordinary events, real life heroes and a foundation ornamented with valour, initiative, sacrifice and faith. A foundation, so deep-rooted and concrete, which creates edifices emitting values, knowledge, thoughts to the society at large and a character to its inhabitants. That excellence is what Goswami Ganesh Dutta S.D. College has achieved in its more than forty five years of existence. The college is affiliated to Panjab University, Chandigarh.

Right from its very inception, the college was fortunate to have been led by eminent personalities. Inspired by the spirit of service and sacrifice, the institution was established on 3rd July, 1973 in the revered memory of Goswami Ganesh Dutta Ji, who envisioned Chandigarh as a focal point of culture and saw it as a potential hub for Sanatanist activities. His dream materialized under the dynamic leadership of late Pt. Mohan Lal Ji, former Education, Home and Finance Minister, Punjab, and other prominent educationists, lawyers and public men. With the efforts and collaboration of such profound workers, a first rate college was established, firmly grounded on the bricks of principles and values in its motto 'Firm in Faith and Broad in Mind'. The teething troubles of the institution were overcome by the 'karmayogi' Pt. Mohan Lal Ji, who, with his pragmatism, vision, administrative acumen and exceptional enthusiasm led the institution from the front.

Pandit Ji was joined in his untiring efforts by the luminary Prof. Roshan Lal Verma Ji, the founder principal of the college, who donated his entire life's savings in setting up this institution. Right alongside was his wife, Mrs. Kaushaliya Devi Verma Ji, who too, selflessly bequeathed her entire property for the growth of the college. The assets that she donated to the institute were later used to form a trust which helps provide support to the women of the economically weaker sections by offering them excellent career oriented courses and training facilities absolutely free of cost.

These efforts by the founding team bore fruit and since then, the college has been imparting holistic education to the future torchbearers of the country. The Principals of the college have striven towards continuing with this saga of excellence that passed down as heritage from its founding stalwarts. The college witnessed exceptional growth under the laudable leadership of its Principals - Prof. Roshan Lal Verma, Sh. D. N. Sharma, Sh. Umesh Chandra Sharma and Dr. A.C. Vaid. On January 25, 2013, Dr. Bhushan Kumar Sharma took over as the Principal of the college and is continuing the tradition of excellence with his able administrative acumen.

OUR VISION

AUTOMATION THROUGH TCS iON

The college has signed an MoU with Tata Consultancy Services, which enables complete automation of all administrative as well as academic transactions. There are two product solutions encapsulated within this contract:-

1. Digital Campus: Commonly known as Campus Management System (CMS), it empowers the college to carry out all the teaching and administrative activities in an easy and transparent manner. This portal organizes students’ information from admission to declaration of examination results. The college has developed an online system with the help of TCSiON through which a candidate is required to fill online e-form, the link for which is available on the college website www.ggdsd.ac.in. It includes seat allocation, batch allocation and student enrolment, hostel occupancy, attendance, mid-semester tests and final exam marks.

Students can view their personal profiles, time-tables, faculty allotments, due fees, attendance and result through their own Login IDs. They can also pay fee through fee bizapp and apply leave online through self service/mtop (mobile app). Faculty management (HRMS) is also part of this system enabling faculty to mark attendance, apply leave, enter marks, etc. within the system itself. There are two other modules called FnA (Finance and Accounting) and PnI (Procurement and Inventory) which helps to reduce load on administrative staff and helps to gain transparency in the system.

2. Digital Learning: Digital learning or the Learning Exchange (LX) System helps the faculty to enroll students into various communities and courses. This enables the students to view and attempt assessments and assignments online. Faculty and students can upload and share relevant content, videos and text. Faculty can plan their courses and their teaching methodologies. This is a tool which automatically creates a database/library for the students and the faculty.

Following the motto of 'Duty and Sacrifice', every associate of the college imbibes the Sanatanist values and spirit to the core and is encouraged to get involved in different spiritual and value based extension activities that are an integral component of all endeavours of the institution. The crucial needs and legitimate expectations of the community are given utmost importance and these factors are the guiding principles for organizing various extension activities like community development, health and hygiene awareness programmes, adult education and literacy programmes, AIDS awareness programmes, social work, medical camps, environment awareness and blood donation camps. These activities are organised vigorously by various clubs and associations of the college, including Spirit India, NSS, NCC, Manav Dharam Kendra and M.K.D.V. Institute for Women, in collaboration with GOs and NGOs and help stimulate student participation in community based service. Another feature added to these initiatives is that students are encouraged to associate themselves with these activities and get involved in community service during the session.

**NSS**
The college runs two NSS units for men and women consisting of 100 volunteers each. The primary aim of the NSS is to inculcate social responsibility in the students through community service and to stimulate the participation of volunteers in constructive and extension work in slums and backward villages. They are encouraged to understand the problems faced by the inhabitants first hand so that when they become community leaders, they may provide solutions to the ills faced by the poor. Students of all classes are eligible for enrolment in NSS. In order to successfully complete the NSS programme, each volunteer is required to put in 120 hours of work during one session.

He/she also has to attend a Special Annual Camp. Enthusiastic volunteers are even selected for training in the special camps organised by the Directorate of NSS. By participating in such programmes, the students can reap different kinds of benefits too. Not only do they become socially responsible citizens, but are also awarded certificates which carry an additional weightage at the time of placements and admission to higher classes.

**NCC**
The college has been granted 2 NCC platoons comprising 70 cadets each. During each session, an NCC cadet has to attend 32 parades and 96 periods for the award of certificate. Like NSS, the NCC certificates also carry a similar weightage.

In addition to these, if any student wishes...
to specialize or train himself for a career in the armed forces, it becomes mandatory for him to attend two camps during the three years of his stay in the college and participate in certain service attachments, as decided by the authorities. Cadets are also groomed for a regular commission in the army and paramilitary forces. Besides these, the cadets are also offered opportunities to participate in additional service training programmes like the Republic Day Parade at Delhi, Basic and Advanced Leadership camps, etc. As part of these training programmes, the cadets are provided a complete kit catering to all their needs. However, in case of loss or damage to these kits, they need to make good the loss.

**Healthy Practices**

Quality education has several dimensions like imparting domain specific knowledge, creating skills, practical use of knowledge of skills, overall development of the personality for greater creativity and productivity, raising the spiritual quotient of students and creating socially responsible citizens. Realizing these important dimensions of education, the institution has adopted several healthy practices for the attainment of these objectives. These include the following:

**Manav Dharma Kendra**

Manav Dharma Kendra has been a crucial part of the institution right from its inception. It aims to inculcate sound moral and ethical values amongst all the students of the college. It organizes activities and lectures during the entire academic session to elevate the spiritual quotient of the students, besides fostering ideals of a cosmopolitan outlook and universal brotherhood. All students are thus encouraged to become enlightened and awakened citizens of the society.

**Social Awareness & Concern**

The institute helps to organise exhibitions and workshops for fund raising, medical awareness and adult education. Such participation makes students aware of significant contemporary social issues and thereby contributes to the social and national development positively. Other than numerous such camps and drives, the college also runs an organization of students and college alumni, ASHRA (Association of Students for Human Rights Awareness), which generates a strong sense of involvement and commitment in the students.

**Outreach Programmes**

The college aims at inculcating a deep sense of social concern amongst all its students. In order to extend a helping hand to the needy in our society and to ameliorate their condition, the college launches numerous outdoor camps which include eye check-up camps, dental check-up camps and blood testing camps in the slum areas, in and around Chandigarh. Students are encouraged to work with an NGO of their choice in each academic session. The college recognizes and celebrates such service rendered by the students and honours them in turn with Certificates of Distinction.

**Participative Learning**

Students are encouraged to organize different events that may be general in nature or specifically related to their subject. Such exercises help the students in applying the knowledge acquired in the classrooms, as they put to use their different sets of skills in the practical world. Every year the students of Journalism bring out an in-house newsletter “Expressions,” through which they not only hone their
writing and editing skills, but also gain first hand practical experience of page making and page designing. The students are also encouraged to edit various publications of the college, including the college magazine 'Tyagmurti.' It is through such endeavours that the students gain actual hands on experience that holds them in good stead.

**General Tutorial System**
In order to inculcate spiritual, ethical, moral and Sanatanist values in the students and channelize their energies in a positive direction, the college runs an elaborate General Tutorial System. Under this system, a small group of students is placed under the personal guidance of a tutor who acts as a counsellor and moral guide to the students. The tutor also acts as a local guardian and the students are advised to remain in constant touch with him/her. General tutorial lectures are held once a month.

**Value Addition**
As a part of our continuous focus on the all-round development of students, we constantly motivate and train them to enhance their potential market employability. The students are encouraged to take up professional courses like C.A. / C.S. / C.F.A. / Computer courses, etc. along with their regular courses.

**Cultural Enlightenment**
We organize numerous cultural fests and fairs throughout the session. We also celebrate all important festivals and days that are integral to our history and culture. The endeavour is to encourage the students to participate zealously in these celebrations and thereby acquaint themselves with the significance of these occasions. Some of the important days and festivals that we celebrate with full fervour in college include the Independence Day, the Republic Day, Janamashtami, Teej, Gurpurab, Diwali, Lohri, Basant Panchami, Baisakhi and Navratras, etc. We believe that such initiatives go a long way in sensitizing the students about the rich cultural heritage that India is endowed with.
We believe that all students possess some latent talent. All they need is a platform to discover their talent and hone their skills and artistic potential. To do so, the college offers a perfect platform to all its students. There are a number of inter and intra college activities and competitions that are organized the year round in which students get an opportunity to harness and showcase their talents.

Prize winners of P.U. Youth Fest get the certificates which carry an additional weightage at the time of placement and admission to higher classes.

**Talent Search Contests**

Talent Search Contests are held in the 3rd week of August every year. Notice for the date, time and venue of these competitions is displayed well in advance on the Notice Boards of the college. The students short-listed in these talent search contests represent the college in the very prestigious P.U. Zonal Youth and Heritage Festival and various other Inter-College competitions.

Sports are an integral part of any educational institute and our college too strives hard to offer a healthy and conducive environment to all its sports persons. Our institution gives due attention to this significant dimension of our students’ overall development. In addition to various scholarships offered by the Sports Department of the Chandigarh Administration for different games, free boarding, lodging, sports kit facilities and cash awards are provided to the students engaged in various sports activities. Moreover, we have an excellent sports faculty in the college that works with dedication towards bringing out the best in their students. It is owing to the excellent training facilities that the college offers that we have produced various sports persons of international and national repute. Our students regularly represent India in various international and national sports tournaments and championships.
