

## ALUMNI

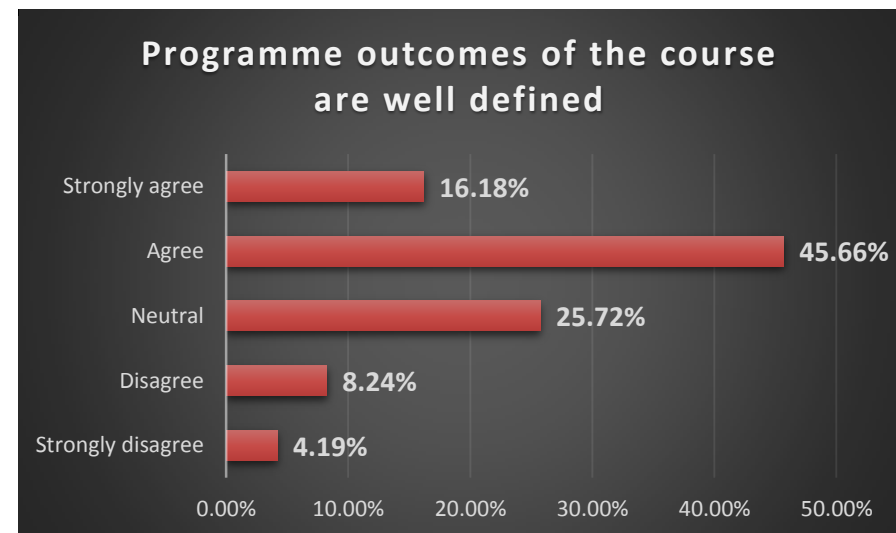

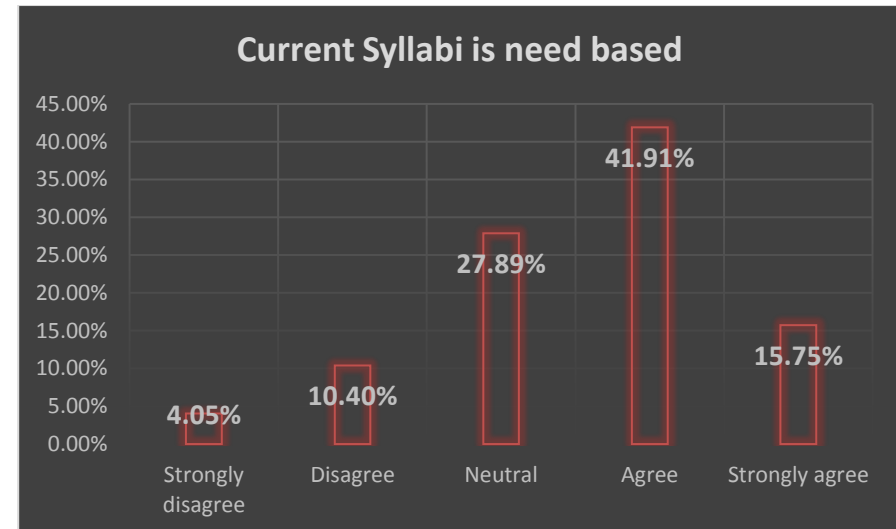

The following feedback was received from the alumni of our college for the session 2020-21:

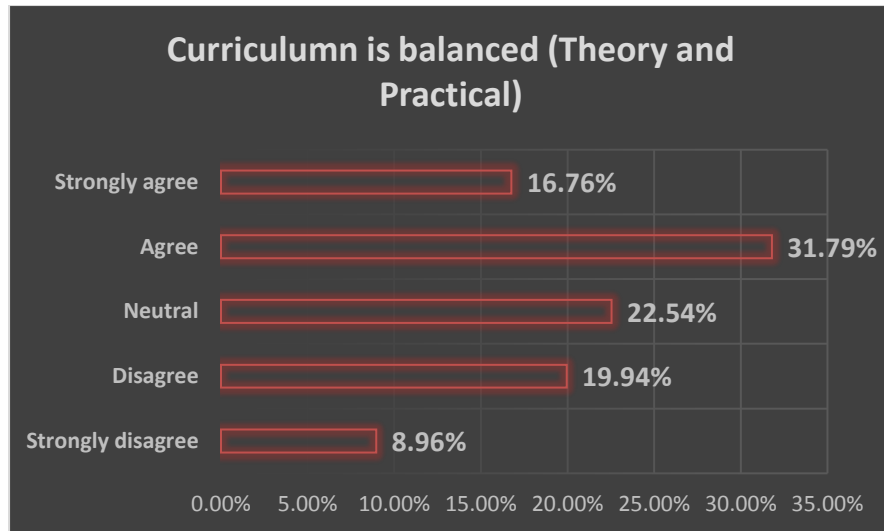

The alumni of the college have rated the content of the syllabi between good and excellent (nearing 85 percent).

A similar feedback has been received with respect to the syllabus being need based i.e. over 55 percent of our respondents agree or strongly agree to the fact.

Over 50 percent of the respondents either agree or strongly agree that the programme outcomes are well defined.

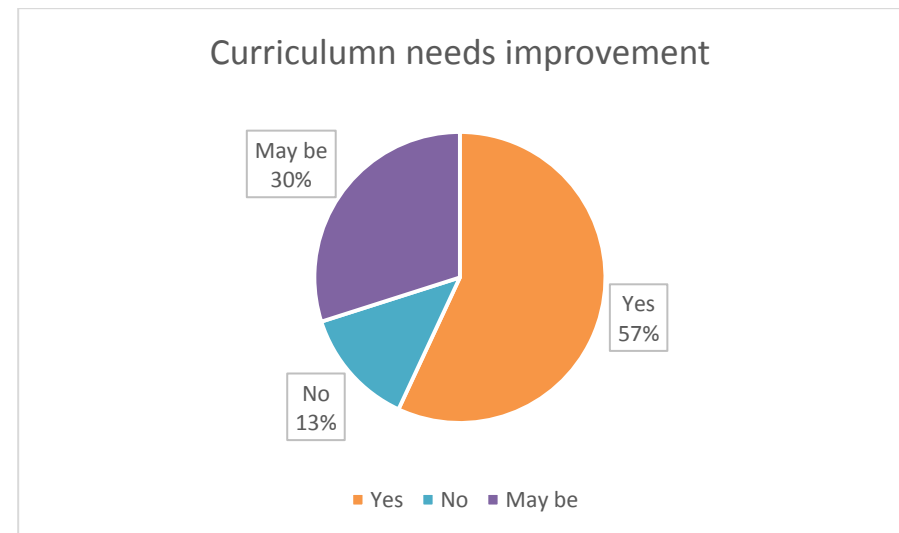

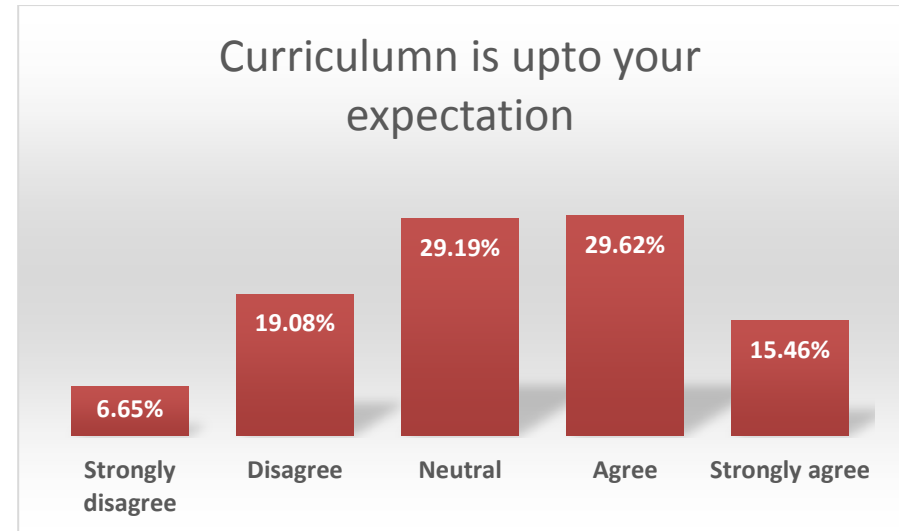

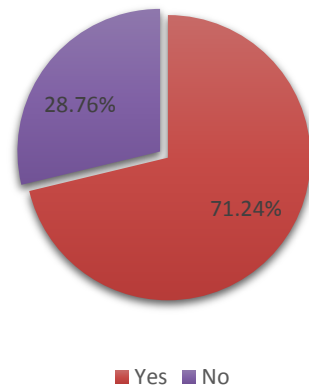

Around 48 percent respondents agree and strongly agree that the curriculum is balanced with respect to theory and practical. Where, 20 percent of respondents held a neutral stand.

Over 40 percent of respondents agree and strongly agree that curriculum is up to their expectations. But a good number holds a neutral stand on this issue (29.19 percent).

The neutral stand as discussed in the above question has been validated by the fact that around 30 percent of the respondents are not sure if the curriculum needs improvement. But there are others who believe the curriculum needs improvement (57 percent).

Teaching plan shared

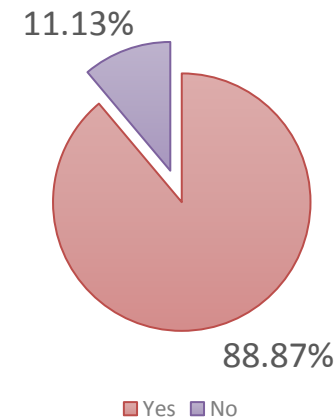

A teaching plan was share with majority respondents, i.e. around 70 percent of the respondents responded in yes for the same.

Around 89 percent respondents stated that they were given assignments as students.

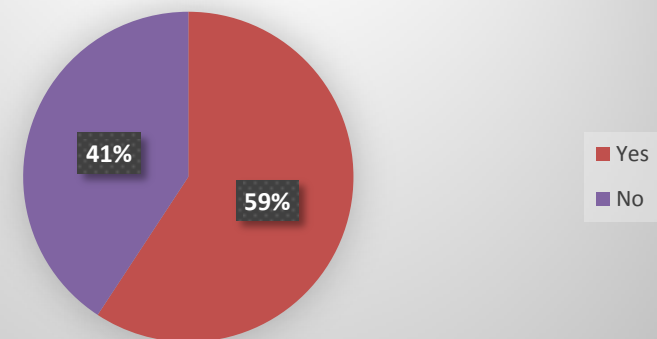

59 percent respondents testified that the feedback of assessments were shared with them.

On an average around 77.75 percent syllabus was covered in class.

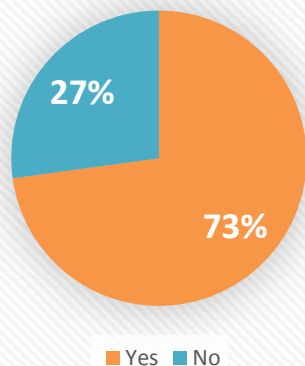

Assignments given to students

Feedback of assessments shared with students

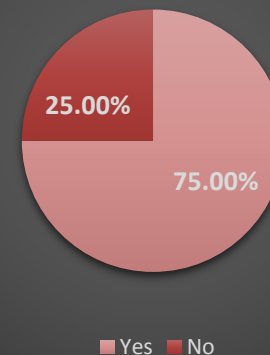

### Opportunities provided for participation in seminars, webinars etc.

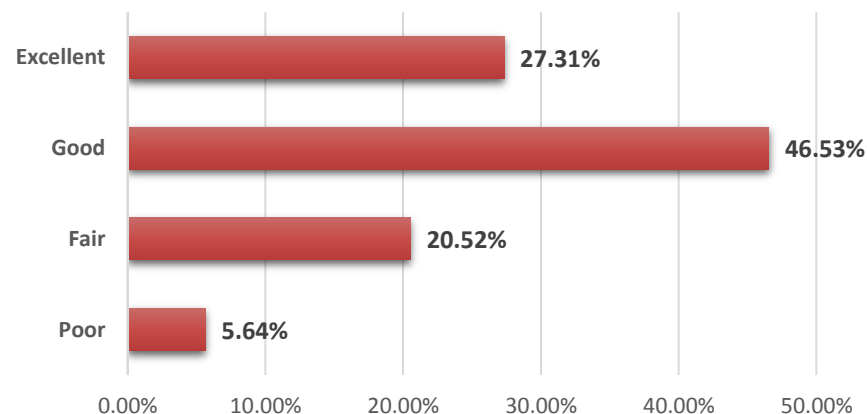

Majority of the respondents replied in affirmative that they did get an opportunity to participate in activities like seminars, webinars etc. Same was the case for extra-curricula's and sports. In both the cases nearing three fourth and three fourth of the respondents have said yes they were provided with an opportunity.

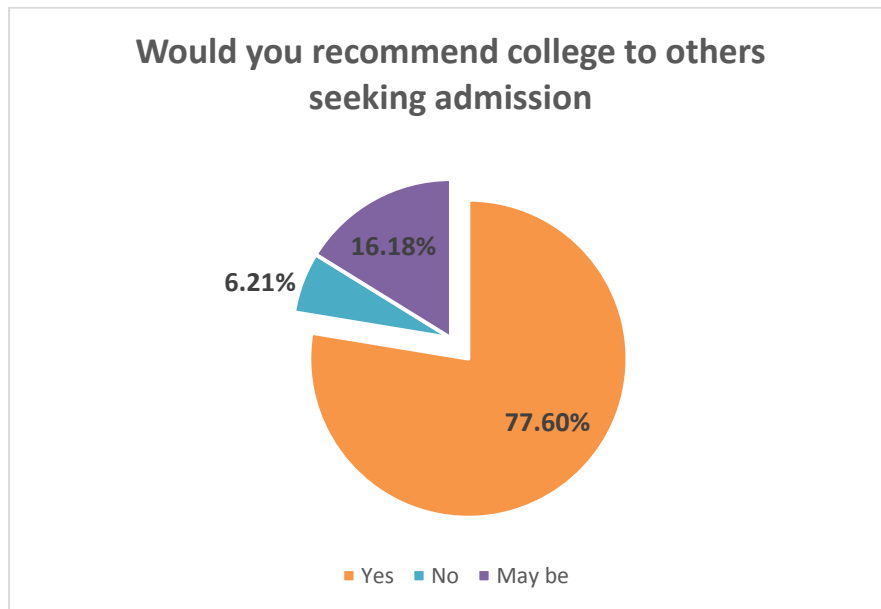

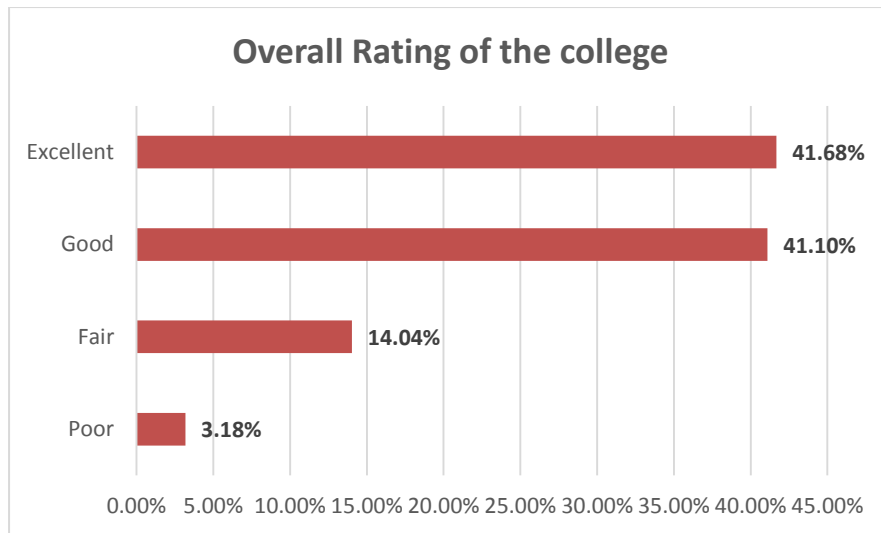

Nearly, three fourth of our respondents, our alumni have graded their overall learning experience in the college as either good or excellent.

### Opportunities provided for participation in extra curriculars/sports

### Grade your overall learning experience

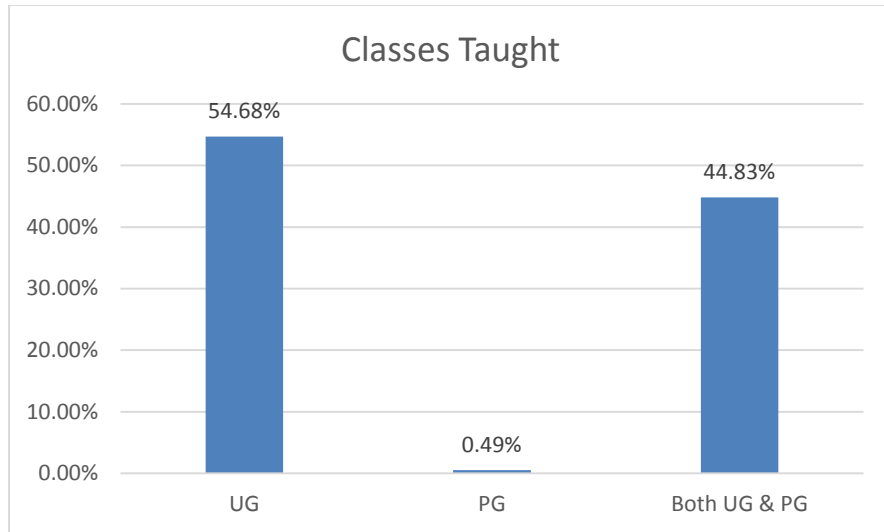

A little over 80 percent of our alumni have rated the college as good or excellent. Majority of the respondents stated that they would recommend the college to others seeking admission.
