

The ERP Solution used by the college

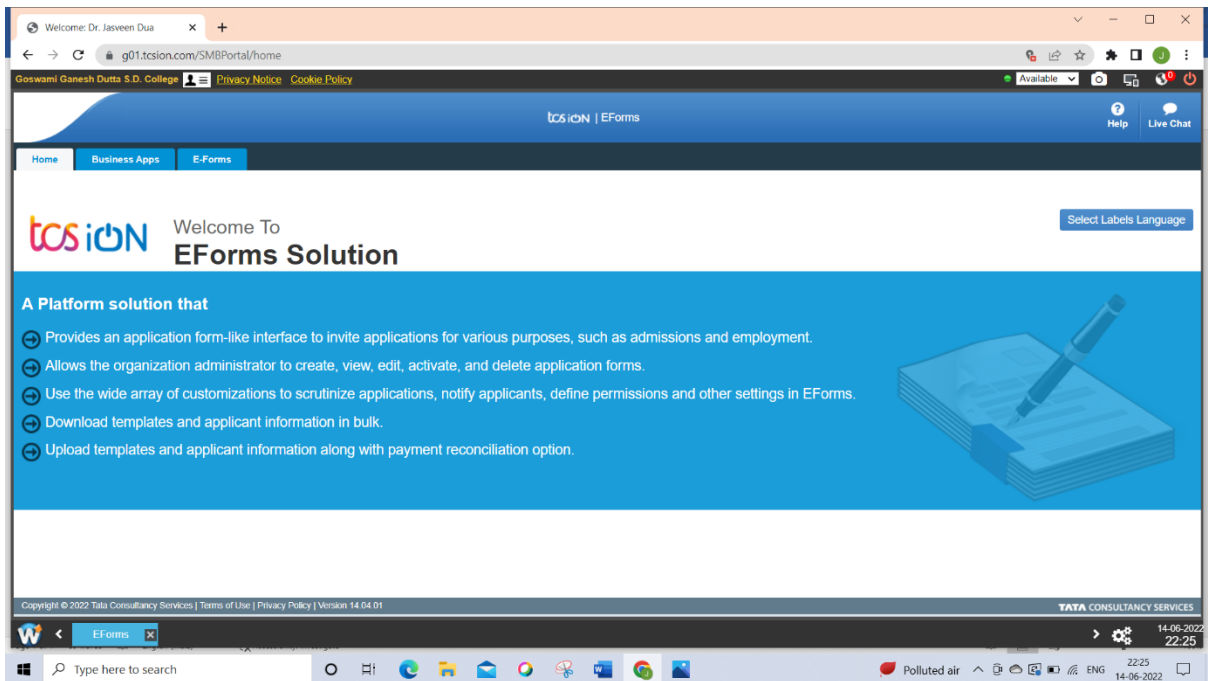

Digital Campus – A campus management solution that encompasses tracking of entire student life cycle, administrative tasks and related analytical capabilities

The iON Digital Campus is a comprehensive and integrated suite that offers a wide range of features for educational institutions to enhance their operational efficiency. The comprising modules (Fee, Admissions, Examination, Timetable, Academics and other support functions) are intelligently integrated to minimize effort of administration. The suite provides a strong analytics module which aids in the growth of the institution and caters to the needs of higher management.

Finance and Accounting

The Finance and Accounts Management module of ERP system provides a robust system which is a step beyond the back office approach - a shift in paradigm from operational to strategic.

It will help in:

- Better planning and dramatic improvement in coordination of operations with reduced paperwork.
- Accurate information tracking, quicker data entry and retrieval.
- Reduced time and effort for maintaining accounts.
- Automation of payables and receivables and on-line management of accounts.
